

The Clinical Coordination Partnership (TCCP) Membership Scale Outline

The following membership scale scenarios were approved by the TCCP Advisory Committee on 12/1/15.

Membership Scales

The table below outlines the TCCP Membership Scales in regards to dues and related experience range. Activity levels are calculated by the total number of approved group, preceptor and leadership experiences for the previous calendar year (denials are not included). Scales are the same for both Education and Clinical pre-licensure members. Fees are based on usage of services.

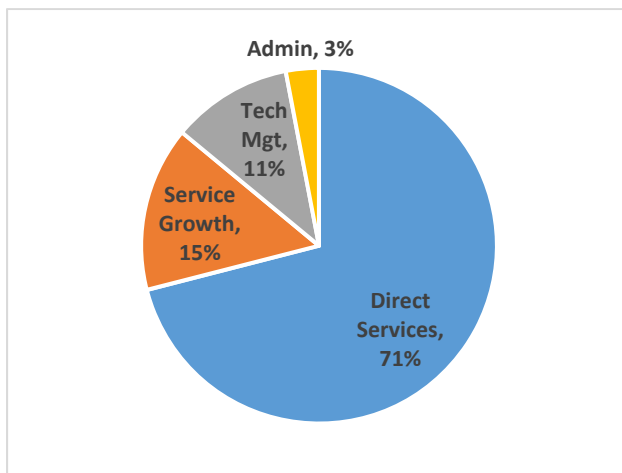

| 2016 – 2018 Scale | | |
|-------------------|------------------|-------------|
| Scale | Experience Range | Member Dues |
| A | 1,000+ | \$13,500 |
| B | 750-999 | \$11,500 |
| C | 500-749 | \$9,500 |
| D | 350-499 | \$7,500 |
| E | 100-349 | \$5,500 |
| F | 20-99 | \$3,000 |
| G | <20 | \$100/Exp |

- Member due scales and annual rates are held for a 3 year period; at that time the TCCP Membership will re-evaluate (last 11/5/15).
- Systems are consolidated together when determining scale levels.
- Membership dues are invoiced for July 1st
- Notice of membership dues are distributed in January, 5 months prior to the due date.

Process & Unique User Notes:

- Schools are emailed a report listing their experiences for the annual year four weeks prior to dues calculation in order to review and submit edits that reflect actual activity.
- If members increase a level they are given a year at the previous rate before the increase is implemented.
- If members decrease a level, the decreased dues are implemented in the current year's billing cycle.
- All members may submit an appeal of their dues within 60 days of receiving their annual report.
- Regions that only utilize TCCP software (i.e., La Crosse) have a rate that is determined by the TCCP Advisory Committee at the same time as the membership scale re-evaluation. The fact that they do not use TCCP staff resources is taken into consideration when setting their dues.

What TCCP Membership Dues Fund

- Direct Services: staffing for implementation of TCCP's task saving services, partnership coordination, coordination of special clinical activity workgroups, maintain TCCP software, new and turnover partner orientation.
- Service Growth: research, development and implementation of new services that assist members (i.e., Student Passport).
- Technology Management: software maintenance, enhancements and security subscriptions
- Admin: office supplies, computers and phones
