Clinical Updates

Nursing Students Start Coming Back:

Will be looking at within the next couple weeks (7/16)

When anticipate entering decisions for Fall?

Done

Will you be changing group sizes?

Looking into

Any changes to configurations (limiting numbers/shifts)?

Looking into

Spring deadlines – should they be extended?

Maybe

ONBOARDING COVID Additions

Updated Student Handbook on SPS onboarding module

COVID Policies & Updates

Masks:

Universal masking is required in all areas. Students should wear a mask covering their nose and mouth at all times. Clean, washable masks are acceptable to wear to and from your clinical site(s)

For patient-facing activities, a surgical or ear loop procedure mask will be provided.

Eyewear:

Will provide face shields to students and faculty. Students/Faculty may choose to wear their own “encapsulated” goggles or safety glasses but it must be a type approved by St Lukes

Temperature:

Upon arrival students will be screened for temperature above 100.4

Any other PPE/Verbal Screening:

Students must enter via the Northland Building/2nd floor skywalk and will be screened via CDC parameters.

COVID Preparedness Plan
